

Notice of survey works at Hanchurch Interchange (M6 junction 15/A500)

January 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Working on behalf of HS2 Ltd, Balfour Beatty is carrying out surveys and investigating ground conditions along the Phase 2a route.

What we are planning

Last year, we carried out Ground Investigation surveys to help us understand the ground conditions to help inform the design of the junction. While carrying out the work, we encountered some challenging ground conditions. As a result, we were unable to gather all the data needed. Therefore, we need to return to carry out some further surveys.

From 6 February 2022, we will need to work in the highway around Hanchurch Interchange, Newcastle Road and Whitmore Road junction. This will include six Sunday daytime shifts (8am to 4pm) and fifteen night shifts (8pm to 6am).

How will this affect you?

As with previous works, we expect there to be some delays to traffic, particularly on the Sunday shifts. We will open traffic routes early if we make good time with our works.

The surveys will also generate some noise. Where work is close to houses, we will work on Sunday during the day rather than the night.

We will maintain residents' access to their properties at all times. When the closures are in front your property, please you get the attention of our traffic management team who will be on site. They will facilitate your safe passage through our working area.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

Two funds are now open for applications from local communities and businesses affected by the construction of HS2. They are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF). £5 million has been allocated to the funds for phase 2a of the railway.

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.
www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:
