

## Notice of site access establishment works near Rileyhill, south of King's Bromley

August 2021 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. To allow for the construction of the new railway and to continue to ensure a safe and reliable gas supply, Cadent will be starting work to move an existing gas pipeline near Rileyhill, south of King's Bromley, at the start of 2022.

### What are we doing?

When we start work to move the pipeline, we will need to use part of the existing bridlepath on land south of Common Lane to access our working area. Before this, we need to enhance the existing bridlepath to make sure it is suitable for our construction vehicles to use.

We will be starting this work on **13 September 2021**. The work will involve removing some overhanging vegetation alongside the existing bridlepath off Common Lane, and constructing a stone access path to enhance the existing bridlepath route.

We will be using our existing temporary works compound on land south of Common Lane to carry out the work. Vehicles will access our working area via Common Lane. Signage will be installed on the roadside, to ensure safe access and exit for vehicles.

There will be 24-hour security on site so we can maintain a safe working environment. Please note, there will be no on-site lodging.

### How will this affect you?

We will be securing our working area with fencing, meaning that we can keep the Public Right of Way open. You may notice some people and equipment on site while we carry out the works. There will not be any disruption to your utilities during our works.

### COVID-19

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current COVID-19 strategy makes clear that construction activity can continue as long as it complies with this guidance. The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

**If you have a question about HS2 or our works, please contact our helpdesk on 08081 434 434 or email [HS2enquiries@hs2.org.uk](mailto:HS2enquiries@hs2.org.uk)**

## About our Community and Business Funds

Two funds are now open for applications from local communities and businesses affected by the construction of HS2. They are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF). £5 million has been allocated to the funds for phase 2a of the railway.

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

## Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

### Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.

[www.gov.uk/government/publications/hs2-residents-charter](http://www.gov.uk/government/publications/hs2-residents-charter)

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at: [www.gov.uk/government/collections/hs2-ltd-residents-commissioner](http://www.gov.uk/government/collections/hs2-ltd-residents-commissioner)

You can contact the Commissioner at: [residentscommissioner@hs2.org.uk](mailto:residentscommissioner@hs2.org.uk)

### Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing: [complaints@hs2-cc.org.uk](mailto:complaints@hs2-cc.org.uk)
